

FICPI CANADA CLAIM DRAFTING CLINIC

October 22nd and October 29, 2022

9am-1pm Pacific Time / 12pm-4pm Eastern Time / 1pm-5pm Atlantic Time

Remote Using the ZOOM™ Platform

Dear FICPI Member:

We are pleased to announce that FICPI Canada will hold its renowned Claim Drafting Clinic this fall remotely. The clinic is a valuable experience for patent agent trainees who intend to write the qualifying examinations. Registration is open to all, including non-FICPI members. Attendees should have some exposure to patent drafting, which may be from private practice or a corporate or other practical environment (e.g. an educational clinic).

The program will take place over two Saturdays and is timed conveniently for our trainees across the country (October 22nd and October 29, 2022 at 9am-1pm PT / 12pm-4pm ET/1pm-5pm AT).

The program will include practical advice and small group workshops dedicated to drafting patent claims. The workshops will comprise new drafting exercises, so repeat attendees are welcome.

This Clinic is conducted as a service to our member firms and will be run at or near cost with experienced tutors. The registration fee is set at **\$150**. A hard copy of the materials will be mailed in advance to attendees who register by October 14, 2022. The registration fee is refundable until October 14, 2022, with the registration portal remaining open until October 20, 2022.

All those interested should complete the on-line registration at <http://ficpi.ca/events/FCCDC2022/> . The program qualifies for Ontario LSUC continuing Professional Development hours for substantive law content but is not accredited for “professionalism hours”.

For more information, please contact Serge Shahinian at secretary@ficpi.ca or (416) 863-2518 or Anna Wilkinson at councilor@ficpi.ca or (416) 216-3975.
